Namakkal, Tamil Nadu.

CAREER OBJECTIVE

“Aspiring Full Stack Developer with hands-on experience in Flutter, Java, Python, and MySQL. Skilled in developing web applications and implementing ML models through academic projects and internships. Passionate about building scalable, user-centric solutions.”

EDUCATION

Selvam College Of Technology

B.E. – Computer Science & Engineering | Selvam College of Technology | CGPA: 7.45 (upto 7th Sem) | 2022 – Present.

State Board

HSC | Little Angels Higher Secondary School | 69.8% | 2022.

SSLC | Municipal High School, Namakkal | 77.6% | 2020.

TECHNICAL SKILL

- Frontend - HTML, CSS, JavaScript, Flutter
- Backend - Python, Java, C.
- Databases - MySQL, MongoDB.
- Frameworks & Tools - Streamlit, Flask, GitHub.
- Core Concepts - Data Structures, OOP, REST APIs, Machine Learning.

PROJECTS

Intelligent Resource Allocation and Workforce Optimization System

- Developed an AI-based Workforce Optimization System using Python, Flask, MySQL, for resource allocation, employee management, and project tracking.
- Implemented intelligent employee recommendation features using AI to match project requirements with suitable candidates based on skills, experience, and availability.

PHONE USAGE CATEGORY CLASSIFIER. (PYTHON, ML)

- Collected and cleaned mobile usage data, applied EDA & ML algorithms.
- Implemented basic ML models to classify phone usage patterns with improved accuracy.

INTERNSHIP EXPERIENCE

PYTHON DEVELOPER INTERN | KEA LOGICS (BANGALORE) | FEB – MAY 2026.

- Learned Python and Flask for web application development.
- Worked on frontend using HTML, CSS, and JavaScript.
- Used MySQL database for storing project and employee details.
- Learned basic AI-based employee selection and project allocation concepts.

MACHINE LEARNING INTERN | THE MIND IT (TRICHY) | JUN – JUL 2025.

- Worked on data preprocessing, feature selection, and model evaluation.
- Gained hands-on exposure to ML pipelines and real-world problem-solving.

WORKSHOP

- Python Full Stack Web Development.
- Code-Connect-Control: Iot and it's Applications.
- 3D Game Programming using Unity And C#.

SOFT SKILL

- Problem-solving & Critical Thinking.
- Communication & Team Collaboration.
- Debugging & Analytical Skills.

LANGUAGES

Tamil, English.
